The first few times you use this

EDGE INDEX

follow the "HOW TO USE" suggestions one step at a time. After that you will be able to open easily to the desired section of the book.

HOW TO USE

1. Hold the Register in your left hand, with the bound edge resting in the palm of the hand. The thumb should press against the front cover and the fingers should grasp the back of the book.
2. With the back cover open, place the four fingers of your right hand in the fold where the back cover meets the binding, and the thumb of your right hand near the middle of the trimmed edge.
3. Bend all the pages of the Register, with the exception of the back cover, almost double to the left.
4. From the 1, 2, or 3-line symbol adjacent to the section or alphabetical division you seek, shift your glance horizontally to the left until you see the corresponding symbol in the page edges.
5. OPEN THERE.

There are two rows of symbols on the page edges. The first or left-hand row identifies various sections of the non-alphabetical listings. The second or right-hand row identifies alphabetical divisions of the Index to Names.

YOU WILL FIND IT EASIER AND QUICKER IF YOU "FAN" OR "RIFFLE" THE LAST FEW PAGES WITH YOUR LEFT THUMB.
